

INDEX TO VOL. CI. (B)

- Adami (J. G.), obituary notice of, xv.
 Address of the President, 1926, 1.
 Allbutt (Sir T. C.), obituary notice of, xx.
 Allen (M.) See Walker and Allen.
 Asdell (S. A.) and Marshall (F. H. A.) On the Effect of the Ovarian Hormone in producing Pro-Oestrous Development in the Dog and Rabbit, 185.
 Azuma (Y.) Effects of Ultra-Violet Rays upon Skeletal Muscle, 24.
 Bateson, (W.), obituary notice of, i.
 Brambell (F. W. R.) The Development and Morphology of the Gonads of the Mouse.—Part I. The Morphogenesis of the Indifferent Gonad and of the Ovary, 391.
 Brambell (F. W. R.), Parkes (A. S.) and Fielding (U.) Changes in the Ovary of the Mouse following Exposure to X-rays, Part I.—Irradiation at Three Weeks Old, 29; Part II.—Irradiation at or before Birth, 95; Part III.—Irradiation of the Non-parous Adult, 316.
 Buston (H. W.) See Schryver and Buston.
 Churchill (E. D.) See Drinker and Churchill.
Ciona intestinalis, cytoplasmic inclusions of egg of (Harvey), 136.
 Cooper (S.), Denny-Brown (D. E.) and Sherrington (Sir C.) Interaction between Ipsilateral Spinal Reflexes acting on the Flexor Muscles of the Hind-Limb, 262.
 Cramer (W.) See Ludford and Cramer.
 Crew (F. A. E.) Studies on the Relation of Gonadic Structure to Plumage Characterisation in the Domestic Fowl.—III. The Laying Hen with Cock's Plumage, 514. (See also Greenwood and Crew.)
 Denny-Brown (D. E.) See Cooper, &c.
 Dickinson (S.) Experiments on the Physiology and Genetics of the Smut Fungi.—Hyphal-Fusion, 126.
 Dixon (M.) On the Mechanism of Oxidation-Reduction Potential, 57.
 Drinker (C. K.) and Churchill (E. D.) A Graphite Suspension for Intravital Injection of Capillaries, 462.
 Egg-laying instincts of Sawfly and inheritance of acquired characters (Harrison), 115.
 Fowl, relation of gonadic structure and plumage in the (Greenwood and Crew), 450.
 Gamble (F. W.), obituary notice of, xxv.
 Giant cells in placenta of rabbit (Sansom), 354.
 Glucosone, action and relation to metabolism (Hynd), 244.
 Golgi apparatus in cells of tissue cultures (Ludford), 409.
 Golgi bodies in fixed material, nature of (Walker and Allen), 468.
 Gonadic structure and plumage characterisation in fowl (Greenwood and Crew), 450; (Crew), 514.
 Gonads of mouse, development and morphology (Brambell), 391.
 Graphite suspension for injection of capillaries (Drinker and Churchill), 462.

- Greenwood (A. W.) and Crew (F. A. E.) Studies on the Relation of Gonadic Structure to Plumage Characterisation in the Domestic Fowl—II. The Developmental Capon and Poularde, 450.
- Guppy (H. B.), obituary notice of, xxviii.
- Hæmolysis, measurement of (Ponder), 193.
- Harrison (J. W. H.) Experiments on the Egg-laying Instincts of the Sawfly, *Pontania salicis* Christ., and their Bearing on the Inheritance of Acquired Characters, with some Remarks on a New Principle in Evolution, 115.
- Harvey (L. A.) The History of the Cytoplasmic Inclusions of the Egg of *Ciona intestinalis* (L.) during Oogenesis and Fertilisation, 136.
- Hindle (E.) See Patton and Hindle.
- Hynd (A.) The Action of Glucosone on Normal Animals (Mice) and its Possible Significance in Metabolism, 244.
- Inheritance of acquired characters (Harrison), 115.
- Islets of Langerhans, secretion and Golgi apparatus in (Ludford and Cramer), 16.
- Lamplugh (G. W.), obituary notice of, xii.
- Langley (J. N.), obituary notice of, xxxiii.
- Leishmania, development in *Phlebotomus* (Patton and Hindle), 369.
- Levin (A.) and Wyman (J.) The Viscous Elastic Properties of Muscle, 218.
- Ludford (R. J.) The Golgi Apparatus in the Cells of Tissue Cultures, 409.
- Ludford (R. J.) and Cramer (W.) Secretion and the Golgi Apparatus in the Cells of the Islets of Langerhans, 16.
- Mackenzie (Sir J.), obituary notice of, xxii.
- Marshall (F. H. A.) See Asdell and Marshall.
- Metabolism determined by respiratory exchange (Pickworth), 163.
- Moore (B.), obituary notice of, xvii.
- Muscle, viscous elastic properties of (Levin and Wyman), 218.
- Obituary notices of Fellows deceased :—
- | | |
|-------------------------|--------------------------|
| Adami, J. G., xv. | Langley, J. N., xxxiii. |
| Allbutt, Sir T. C., xx. | Mackenzie, Sir J., xxii. |
| Bateson, W., i. | Moore, B., xvii. |
| Gamble, F. W., xxv. | Schlich, Sir W., vi. |
| Guppy, H. B., xxviii. | Stebbing, T. R. R., xxx. |
| Lamplugh, G. W., xii. | |
- Œstrous cycle and X-ray sterilisation (Parkes), 71, 421.
- Oogenesis and fertilisation in *Ciona intestinalis* (Harvey), 136.
- Ovarian hormone and pro-œstrous development (Asdell and Marshall), 185.
- Ovarian regeneration after ovariectomy (Parkes, &c.), 328.
- Oxidation-reduction potential mechanism (Dixon), 57.
- Parkes (A. S.) On the Occurrence of the Œstrous Cycle after X-ray Sterilisation. Part II.—Irradiation at or before Birth, 71 ; Part III.—The Periodicity of Œstrus after Sterilisation of the Adult, 421.
- Parkes (A. S.), Fielding (U.) and Brambell (F. W. R.) Ovarian Regeneration in the Mouse after Complete Double Ovariectomy, 328.

- Patton (W. S.) and Hindle (E.) The Development of Chinese Leishmania in *Phlebotomus Major* var. *Chinensis*, and *P. Sergenti* var., 369.
- Pickworth (F. A.) Basal Metabolism as determined by the Respiratory Exchange, 163.
- Ponder (E.) The Measurement of Percentage Hæmolysis.—II, 193.
- Proteins, undescribed products of hydrolysis of (Schryver and Buston), 519.
- Reflexes, ipsilateral spinal, acting on flexor muscles (Cooper, &c.), 262.
- Rutherford (Sir E.) Presidential address, 1926, 1.
- Sansom (G. S.) The Giant Cells in the Placenta of the Rabbit, 354.
- Schlich (Sir W.), obituary notice of, vi.
- Schryver (S. B.) and Buston (H. W.) The Isolation of some Hitherto Undescribed Products of Hydrolysis of Proteins.—Part IV, 519.
- Secretion and Golgi apparatus in islets of Langerhans (Ludford and Cramer), 16.
- Sherrington. See Cooper, etc.
- Sperm-suspension, relation to fertility, in artificial insemination (Walton), 303.
- Stebbing (T. R. R.), obituary notice of, xxx.
- Toxicity, error of determination of (Trevan), 483.
- Trevan (J. W.) The Error of Determination of Toxicity, 483.
- Ultra-violet rays and skeletal muscle (Azuma), 24.
- Walker (C. E.) and Allen (M.) On the Nature of "Golgi Bodies" in Fixed Material, 468.
- Walton (A.) The Relation between "Density" of Sperm-Suspension and Fertility as determined by Artificial Insemination of Rabbits, 303.
- Wyman (J.) See Levin and Wyman.
- X-ray sterilisation and œstrous cycle (Parkes), 71.
- X-rays and ovary of mouse (Brambell, etc.), 29, 95, 316.
