ST. MARTIN'S LANE

CONTENTS

SERIES B VOL CXVI

No. B 796—September 1, 1934

	PAGE
Heparin and Blood Coagulation. By J. Mellanby, F.R.S.	1
The Relation of the Parathyroid Glands to the Action of Irradiated Ergosterol. By N. B. Taylor, C. B. Weld and J. F. Sykes. Communicated by Sir Henry Dale, Sec. R.S.	10
Physico-Chemical Studies of Complex Organic Molecules. III—Surface Properties of Concentrates of Vitamin A. By F. P. Bowden and S. H. Bastow Communicated by T. M. Lowry, F.R.S.	27
Observations on the Structure of Striated Muscle Fibre. By O. W. Tiegs. Communicated by W. E. Agar, F.R.S. (Plates 1-4).....	38
The Liminal Brightness Increment for White Light for Different Conditions of the Foveal and Parafoveal Retina. By W. S. Stiles and B. H. Crawford. Communicated by Sir John Parsons, F.R.S.	55

No. B 797—October 1, 1934

An Experimental Investigation of the Measurability of Auditory Sensation. By F. H. Gage. Communicated by T. Graham Brown, F.R.S.	103
An Experimental Investigation of the Measurability of Visual Sensation. By F. H. Gage. Communicated by T. Graham Brown, F.R.S.	123
The Site of Loss of Water from Insects. By K. Mellanby. Communicated by J. S. Haldane, F.R.S.	139
Researches on Plant Respiration. III—The Relationship between the Respiration in Air and in Nitrogen of certain Seeds during Germination (<i>a</i>) Seeds in which Fats constitute the chief Food Reserve. By W. Leach and K. W. Dent. Communicated by W. Stiles, F.R.S.	150
The Reaction of Anæstrous Hedgehogs to Experimental Conditions. By M. Allanson and R. Deanesly. Communicated by Sir Henry Dale, Sec. R.S. ...	170
Discussion on Methods of Measuring and Factors Determining the Speed of Chemical Reaction. Opening Address by A. V. Hill, F.R.S.	185

No. B 798—November 1, 1934

Hypophysectomy of Birds. II—General Effects of Hypophysectomy of Fowls. By R. T. Hill, A. B. Corkill, and A. S. Parkes, F.R.S.	208
Hypophysectomy of Birds. III—Effects of Gonads, Accessory Organs, and Head Furnishings. By R. T. Hill and A. S. Parkes, F.R.S. (Plates 5-8) ..	221

	PAGE
Biological Methods of Diagnosing Equine Pregnancy. I—The Mouse Test. By W. C. Miller. Communicated by D. M. S. Watson, F.R.S.	237
Biological Methods of Diagnosing Equine Pregnancy. II—The Capon Test. By A. W. Greenwood and J. S. S. Blyth. Communicated by D. M. S. Watson, F.R.S. (Plates 9 and 10)	247
The Structure and Origin of Corpora Lutea in some of the Lower Vertebrata. By J. T. Cunningham and W. A. M. Smart. Communicated by W. Bullock, F.R.S. (Plate 11)	258
The Absorption of Simple Lysins at Cell Interfaces. By E. Ponder. Communi- cated by Sir E. Sharpey-Schafer, F.R.S.	282
Phosphatic Calculi in Silurian Polyzoa. By K. P. Oakley. Communicated by W. D. Lang, F.R.S. (Plates 12–14)	296
The Physical Basis of the Biological Effects of High Voltage Radiations. (Abstract.) By W. V. Mayneord. Communicated by H. Hartridge, F.R.S.	315

No. B 799—December 1, 1934

Experiments on the Development <i>in vitro</i> of the Avian Knee-Joint. By H. B. Fell and R. G. Canti. Communicated by R. Robison, F.R.S. (Plates 15–18).....	316
• The Function of Sympathetic Nerves in Relation to Skeletal Muscle—Evidence for Humoral Action. By O. W. Tiegs. Communicated by W. E. Agar, F.R.S. (Plates 19 and 20)	351
Studies on a Virus Causing Foliar Necrosis of the Potato. By F. C. Bawden. Communicated by F. T. Brooks, F.R.S. (Plates 21 and 22)	375
The Effect of Salts on Cell Permeability as shown by Studies of Milk Secretion— (continued). By S. J. Folley and G. L. Peskett. Communicated by J. Mellanby, F.R.S.	396

No. B 800—January 1, 1935

Address of the President, Sir Frederick Gowland Hopkins, at the Anniversary Meeting, November 30, 1934	403
Fibrillation in the Chick Embryo Heart <i>in vitro</i> . I—The Effects of Excess Potassium, Calcium, Magnesium and Sodium, and of High and Low Osmotic Pressures. By P. D. F. Murray. Communicated by Sir Henry Dale, Sec. R.S.	434
Fibrillation in the Chick Embryo Heart <i>in vitro</i> . II—The Character and Mechanism of the Fibrillation. By P. D. F. Murray. Communicated by Sir Henry Dale, Sec. R.S.	452
Studies in the Geotropism of the Pteridophyta. V—Some Effects of Tempera- ture on Growth and Geotropism in <i>Asplenium bulbiferum</i> . By T. L. Prankerd. Communicated by W. Stiles, F.R.S.	479

	PAGE
Investigations on Mediterranean Kala Azar. VII—Further Observations on Canine Visceral Leishmaniasis. By S. Adler and O. Theodor. Communicated by Sir Henry Dale, Sec. R.S. (Plates 23 and 24)	494
Investigations on Mediterranean Kala Azar. VIII—Further Observations on Mediterranean Sandflies. By S. Adler and O. Theodor. Communicated by Sir Henry Dale, Sec. R.S.	505
Investigations on Mediterranean Kala Azar. IX—Feeding Experiments with <i>Phlebotomus perniciosus</i> and other species on Animals infected with <i>Leishmania infantum</i> . By S. Adler and O. Theodor. Communicated by Sir Henry Dale, Sec. R.S.	516
Investigations on Mediterranean Kala Azar. X—A Note on <i>Trypanosoma platydactyli</i> and <i>Leishmania tarentolæ</i> . By S. Adler and O. Theodor. Communicated by Sir Henry Dale, Sec. R.S.	543
Index	545
