NOTICE TO AUTHORS

Scope. Proceedings series B welcomes papers on any aspects of biological science. It publishes, rapidly, announcements of important results, normally not exceeding 4000 words (five printed pages). The Editor will also consider short reviews, but only if they contain original and interesting new ideas. Short additions to, or criticisms of, papers that have already been published (subject to their originality and interest, and to the rules of good manners) will also be acceptable. Preliminary reports ('letters') are not encouraged. The target publication time is three months from receipt (excluding any period that the manuscript is in the hands of the authors).

Submission. There is no page charge. Authors should send papers to the Proceedings B Editorial Office, The Royal Society, 6 Carlton House Terrace, London SW1Y 5AG. Up to six keywords should be supplied with the typescript. Four copies of the typescript and figures are required, and one set of original of any figures should also be submitted. Papers should be prepared in accordance with the Instructions to Authors printed at the end of every issue of Proceedings B and also available from the Editorial Office.

Offprints. Authors will receive 50 free offprints.
