Review articles
Coincident ruddy turnstone migration and horseshoe crab spawning creates an ecological ‘hot spot’ for influenza viruses

Research articles
Ancient homeobox gene loss and the evolution of chordate brain and pharynx development: deductions from amphioxus gene expression
T. Butts, P. W. H. Holland & D. E. K. Ferrier

Phenotypic plasticity and population viability: the importance of environmental predictability
T. E. Reed, R. S. Waples, D. E. Schindler, J. J. Hard & M. T. Kinnison

Projected range contractions of montane biodiversity under global warming
F. A. La Sorte & W. Jetz

Direct and indirect climate forcing in a multi-species marine system

The observant mind: self-awareness of attentional status
N. Yamagishi, S. J. Anderson & M. Kawato

Genus age, provincial area and the taxonomic structure of marine faunas

An exceptional role for flowering plant physiology in the expansion of tropical rainforests and biodiversity
C. R. Boyce & J.-E. Lee

Influence of quaternary sea-level variations on a land bird endemic to Pacific atolls
A. Cibois, J.-C. Thibault & E. Pasquet

Watching sexy displays improves hatching success and offspring growth through maternal allocation
A. Loyau & F. Lacoste

Advertised quality, caste and food availability influence the survival cost of juvenile hormone in paper wasps
J. A. Táborský & M. Banan

Bigger brains cycle faster before neurogenesis begins: a comparison of brain development between chickens and bobwhite quail
C. J. Charvet & G. F. Striedter

Evolutionary conservation advice for despotic populations: habitat heterogeneity favours conflict and reduces productivity in Seychelles magpie robins
A. López-Sepulcre, H. Kokko & K. Norris

Inbreeding depresses sperm competitiveness, but not fertilization or mating success in male Tribolium castaneum
J. Michalczyk, O. Y. Martin, A. L. Millard, B. C. Emerson & M. J. Gage

Sex, drugs and moral goals: reproductive strategies and views about recreational drugs
R. Kurbjan, A. Dukes & J. Weeden

Adaptations in humans for assessing physical strength from the voice

Gene expression regulation and lineage evolution: the North and South tale of the hybrid polyploid Squalius alburnoides complex

Iron defecation by sperm whales stimulates carbon export in the Southern Ocean

Foundation in 1660, the Royal Society
is the independent scientific academy
of the UK, dedicated to promoting
excellence in science
