Nutritional state and collective motion: from individuals to mass migration

Sepideh Bazazi, Pawel Romanczuk, Sian Thomas, Lutz Schimansky-Geier, Joseph J. Hale, Gabriel A. Miller, Gregory A. Sword, Stephen J. Simpson and Iain D. Couzin

The dimensions of the experimental arena in the ‘Material and methods’ section were incorrectly given as:

80 cm diameter, walls 52.5 cm high and a central dome 17.5 cm diameter.

The corrected text should read:

80 cm in diameter, walls 52.5 cm high and a central dome 35 cm in diameter.
